|---|---|---|---|
| Present: | Mayor Connor | Also Present: | Superintendent Pickett |
| | Trustee Steve Mott | | June McCartin |
| | Trustee Mike Walrath | | Jeffery & Laura Roshia |
| | Trustee Goutremout | | Miles & Kathy West |
| | Trustee Amy Baker | | Lucas & Harper McConnell |

Mayor Connor called the public hearing to order at 5:00 PM.

The Village Board of Trustees held an organizational meeting with the four outside water users located on NYS Route 12E (West Main Street) to discuss upcoming changes associated with the Village water project.

The Board explained that a meter pit will be installed at the Village limits. Water usage and associated costs occurring between the meter pit and each individual user's meter will be divided equally among the four outside water users unless alternative arrangements are specified to the Village Clerk.

The outside water users reported that they had investigated replacing or upgrading the existing water line and/or installing meter pits and found the estimated cost to be substantial. Luke McConnell volunteered to serve as the liaison between the outside water users and the Village should any issues arise. The Village stated that it is willing to provide assistance to the extent possible in the event of an issue.

The Village is also working toward updating the outside water users' agreement when the current agreement expires in the coming years. The updated agreement is anticipated to incorporate the new metering and cost-sharing arrangements and include provisions involving the Town for relevy purposes.

The existing $200 deposit for incidentals was also discussed. The Board will revisit the deposit requirement at a later date and will consider eliminating it if an appropriate arrangement can be established with the Town.

**Trustee Walrath made a motion seconded by Trustee Goutremout to adjourn and close the Public Hearing at 5:17pm. All were in favor; motion carried.**

Respectfully submitted,

Amber Klusacek
Clerk-Treasurer, RMC, CMFO
